Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Substance name /Trade name: SID-000157 ESR1 & PIK3CA Reference Set 1 % AF cfDNA
Content:
SID-000158 ESR1 & PIK3CA Reference Vial 11 % AF
cfDNA
SID-000159 ESR1 & PIK3CA Reference Vial 2 1 % AF
cfDNA
SID-000160 ESR1 & PIK3CA Reference Vial 3 1 % AF
cfDNA
SID-000161 ESR1 & PIK3CA Reference Vial 4 1 % AF
cfDNA
SID-000162 ESR1 & PIK3CA Reference Vial 5 WT 0 % AF
cfDNA

Index No.: not available
EC-No.: not available
CAS-No.: not available
REACH No.: There is no registration.
Other names: not available

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses:
Use as laboratory reagent - for scientific research and development

Uses advised against:
Not for consumer use.

1.3 Details of the supplier of the safety data sheet

Manufacturer /Supplier: SensID GmbH
Street/Street number: Schillingallee 68
Country-code/Postcode/City: D-18057 Rostock

Point of contact for technical support
Telephone +49(0)381 377 182 01
Fax +49(0)381 377 182 00
E-Mail: support@sens-id.com

1.4 Emergency phone number

SensID GmbH +49(0)381 377 182 01
(Availability: on weekdays 8-16 o'clock)

Section 2: Hazard identification

2.1 Classification

Classification according to Regulation (EC) No 1272/2008
The package contains 5 vials of human DNA from cell line. No dangerous substance or dangerous mixture.
No hazardous ingredient is present in an amount that requires labelling.

2.2 Label elements

not required
Label elements according to (EC) No. 1272/2008

Created on: 21/10/2024
Revised on: n.a.
Valid from: 21/10/2024
Version: 01
Replaced version: n.a.

The product does not need to be labelled in accordance with EC directives or respective national laws.

Hazard-determining components for labelling contains:

Hazard statements: not required
Precautionary statements: not required
Other labelling elements
EU notes on specific hazards: not required

2.3 Other dangers

Physical hazards
harmless

Specific effects

No carcinogenic effects
No genetic alteration
No reproductive toxicity
No sensitization

Section 3: Composition/Information on ingredients

3.1 Substances

< 1% TE Puffer

Impurities, stabilizing additives and single components: not applicable

3.2 Mixtures

There are no additional ingredients that are reportable or classified as hazardous to health or environment according to the current state of knowledge of the supplier in the applicable concentration.

Section 4: First aid measures

4.1 Description of the first aid measures

| | |
|------------------------|--|
| Following inhalation | Move to fresh air. In case of respiratory arrest give artificial respiration with additional oxygen. |
| Following skin contact | The product does not irritate skin. Wash off with plenty of water. remove contaminated clothing as a precaution. |
| Following eye contact | Rinse out with plenty of water with the eyelids held wide open. Arrange medical treatment. |
| Following ingestion | Wash mouth out with water. Never give water to an unconscious person. Do not induce vomiting without medical advice. |

4.2 Most important symptoms and effects, both acute and delayed

The main known symptoms and effects are described on the label (see section 2.2) and / or in chapter 11.

4.3 Indication of any immediate medical attention and special treatment needed

No data available.

Created on: 21/10/2024
Revised on: n.a.
Valid from: 21/10/2024
Version: 01
Replaced version: n.a.

Section 5: Firefighting measures

5.1 Extinguishing media

Suitable: Extinguishing media: water spray, Carbon dioxide (CO₂), foam, dry chemicals
Unsuitable: Extinguishing media: not available

5.2 Special hazards arising from the substance or mixture

Hazardous combustion products: No further known.

5.3 Advice for fire fighters

Wear self-contained breathing apparatus and protective clothing.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions
Ensure adequate ventilation. Avoid contact with skin, eyes and clothing.
Personal protective equipment
Use personal protective equipment.

6.2 Environmental precautions

Avoid further leakage or spillage if safe to do so. Do not discharge into drains or rivers.

6.3 Methods and material for containment and cleaning up

For containment
Prevent further leakage or spillage if safe to do so.
For cleaning up
Soak up with inert absorbent material

6.4 Reference to other sections

See section 12 for additional information.

Section 7: Handling and storage

7.1 Precautions for safe handling

Avoid contact with skin, eyes and clothes. Wear personal protective equipment.

7.2 Conditions for safe storage, including any incompatibilities

Information on storage conditions

General good laboratory practice should be maintained. Store in properly labelled containers. Keep container tightly closed until ready for immediate use. Do not store in unmarked containers. Take care to keep workplace clean and dry.
Avoid general contact by handling, wear gloves and lab coat.
Store the package with the lids tightly closed at 2-8°C preferably in the dark.

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice.

Section 8: Exposure controls/personal protection

8.1 Control parameters

Occupational exposure limits / or biological values
No known values.

Created on: 21/10/2024
 Revised on: n.a.
 Valid from: 21/10/2024
 Version: 01
 Replaced version: n.a.

Exposure controls
 Suitable technical control equipment
 Provide adequate ventilation, especially in confined areas.

8.2 Personal protective equipment

Eye / face protection: Wear safety glasses with side shields.
 Skin / body protection: Wear suitable protective clothing and gloves.
 Other body protection: No action needed.
 Respiratory protection: No action needed.
 Heat / Cold protection: No action needed

Environmental exposure controls
 See Section 12.

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

| | |
|---|-----------------------------|
| Physical state: | Liquid |
| Appearance: | Colourless liquid |
| Odour: | Odorless |
| Odour threshold: | No information available |
| pH-value: | No information available |
| Melting point/Freezing point: | Mixture has not been tested |
| Boiling point / boiling range: | Mixture has not been tested |
| Flash point: | Mixture has not been tested |
| Evaporation rate: | No information available |
| Flammability (solid, gas): | No information available |
| Upper/Lower flammability or explosive limits: | No information available |
| Vapor pressure: | No information available |
| Vapor density: | No information available |
| Relative Density: | No information available |
| Solubility: | No information available |
| Partition: n-octanol/water: | No information available |
| Decomposition temperature: | No information available |
| Auto-ignition temperature: | No information available |
| Viscosity: | No information available |
| Explosive properties: | Mixture has not been tested |
| Oxidising properties: | Mixture has not been tested |

9.2 Other information

No data available.

Section 10: Stability and Reactivity

10.1 Reactivity:

Not known under normal environmental conditions.

10.2 Chemical stability:

Stable under normal conditions and under the temperature and pressure conditions expected during storage and handling.

10.3 Possibility of hazardous reactions:

No information available.

Created on: 21/10/2024
Revised on: n.a.
Valid from: 21/10/2024
Version: 01
Replaced version: n.a.

10.4 Conditions to avoid:

No information available.

10.5 Incompatible materials:

No information available.

10.6 Hazardous decomposition products:

None in normal processing.

Section 11: Toxicological information**11.1 Information on toxicological effects**

| | |
|--|--|
| Acute Toxicity: | No information available. |
| Skin corrosion / irritation: | No information available. |
| Eye damage / irritation: | Is not classified as seriously damaging to the eyes or irritating to the eyes. |
| Sensitisation to the respiratory tract/skin: | Is not classified as an inhalation or skin allergen. |
| Germ cell mutagenicity: | Not classified as germ cell mutagen. |
| Carcinogenicity: | Not classified as a carcinogen. |
| Reproductive toxicity: | Not classified as toxic to reproduction. |
| STOT – single exposure: | Is not classified as specific target organ toxicant (single exposure). |
| STOT – repeated exposure: | Is not classified as specific target organ toxicant (repeated exposure). |
| Aspiration hazard: | Is not classified as aspiration hazard. |

11.2 Symptoms related to the physical, chemical and toxicological characteristics

| | |
|--------------------------|---------------------------|
| In case of ingestion: | No information available. |
| In case of eye contact: | No information available. |
| In case of inhalation: | No information available. |
| In case of skin contact: | No information available. |
| Further information: | No information available. |

11.3 Information on toxicokinetic, metabolism and distribution:

No information available.

Section 12: Ecological information**12.1 Ecotoxicity**No information available.
The fabric is easily biodegradable.**12.2 Persistence and degradability:**

No information available

12.3 Bioaccumulative potential:

No information available

12.4 Mobility in soil:

No information available.

12.5 Results of PBT- and vPvB-assessment:

No information available.

12.6 Other adverse effects:No information available.
The fabric is easily biodegradable.

Created on: 21/10/2024
Revised on: n.a.
Valid from: 21/10/2024
Version: 01
Replaced version: n.a.

Section 13: Disposal considerations

13.1 Waste treatment methods

No special procedures known. If necessary, clarify with the local disposal companies whether the product used is classified as dangerous.

13.2 Treatment of contaminated packaging

Disposal according to official regulations.

13.3 Waste code according to Waste Catalogue Ordinance (AVV)

Unavailable.

13.4 Special precautions

No special actions required.

13.5 relevant EU or other provisions

Not required.

Section 14: Transport information

Transport information is omitted as no special conditions apply.

Section 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

There is no listing in the relevant provisions of the European Union (EU).

Relevant regulations:

Water hazard class (Germany) none

15.2 Chemical safety assessment

Not available.

Section 16: Other information

The information in this SDS is provided in good faith based on our knowledge, but they do not constitute an assurance of product properties and do not establish a contractual relationship. The information contained in this SDS should not be considered as exhaustive and only serve as a guide. All materials and mixtures can harbour unknown hazard and should be used with care. Since conditions of use of the product are not under the control of SensID GmbH, it is the duty of the buyer/user to determine the necessary conditions for the safe use of the product. SensID GmbH will not be liable for any damages resulting from handling or contact with the product.

16.1 Changes compared to the last version:

Not applicable, new document

Created on: 21/10/2024
Revised on: n.a.
Valid from: 21/10/2024
Version: 01
Replaced version: n.a.

16.2 Important literature and data sources:

Regulation (EC) No 1907/2006 (REACH), as amended by 2015/830 / EU
Regulation (EC) No 1272/2008 (CLP, EU-GHS)

16.3 Abbreviations

CAS Chemical Abstracts Service ((database of chemical compounds and their unique key, the CAS Registry Number)
CLP Classification, Labelling and Packaging of substances and mixtures
EC European Community
EC-No. EC-No. The EC Inventory (EINECS, ELINCS and the NLP directory) is the source of the seven-digit EC number as a substance index in the European Union
Index-No. The index number is the identification code specified in Part 3 of Annex VI to Regulation (EC) No 1272/2008
PBT Persistent, Bioaccumulative and Toxic
REACH Regulation (EC) No 1907/2006 (REACH Regulation)
Registration, Evaluation, Authorization and Restriction of Chemicals
vPvB very Persistent and very Bioaccumulative
STOT Specific target organ toxicant

End of safety data sheet.
